A Note About Spelling

As a third grade team, we have decided to create a more rigorous spelling list than that of the Open Court list. A practice test is given every Monday with the list above. If your child receives a 100% then he/she is given a Challenge List along with challenge homework. All students that haven't received a 100% for that week will continue with the list above.

Vocabulary

1. **twitter**- chattered noisily, sounding like chirping birds
2. **trill**- to make a vibrating sound, like the sound some birds make
3. **chives**- small plants related to leeks and onions
4. **squeegee**- to make a squeaking sound by rubbing as if using a squeegee, which is a rubber-edged tool for removing excess water from windows
